Fruit Salad

Older Brother, help me make a fruit salad, okay?

Okay. Do we have watermelon, grapes, strawberries, bananas and apples?

Red watermelon, purple grapes, red strawberries, yellow bananas and green apples, we have them all.

Bring a big bowl. Slice up all the fruit.

Watermelon cut into triangles.

Grapes don't need to be cut.

Strawberries cut into heart shapes.

Bananas cut into circles.

Apples cut into crescents.

This fruit salad tastes great!
